Hughes on Hoover
Two Thankful Men
Happy, Busy Wall Street
Curing an Atheist

BY ARTHUR BRISBANE
GOVERNOR HUGHES knows how to make a political speech. He knows how to praise Governor Hoover, whom he opposes, then make a point concerning Mr. Hoover's administration that Mr. Hoover's friends would not expect him to make if they were wise.

MR. HUGHES hopes that prosperity will last—and, by the way, it will—but, he says, if any difficulty should arise the one who more than anyone else could be depended upon to bring the widest relief is the man who has been elected to the governorship. He is the emergency would be Herbert Hoover. He would seek the cooperation and the best of all. But he himself would be as good as a commission as he could not already organized and in action.

That kind of statement makes

PRESIDENT COOLIDGE, a national day of thanksgiving expresses grateful recognition to the Governor of Ohio, the fact that the country is protected as a whole against pestilence and disease.

ON Nov. 20 two men should be grateful for the chance to show that he can do as a president, the other will, or ought to be, grateful for the heavy responsibilities that are placed upon him.

HIGH, busy days in Wall Street. Stocks were strong and copper was stronger. The public bought more than 1,500,000 shares.

HIGH finance doesn't seem much disturbed by the kind of state which is attributed to Governor Smith by Mr. Hoover.

UNITED STATES Steel went higher than ever has been. General Electric reported bigger earnings than ever, and so on and so forth. Poor bears ought to be well turned out and be able to do it.

CHARLES SMITH, president of the American Association for the Advancement of Alcoholism, looked up in Arkansas for insulting the Daily World in a hunger strike and told 11 men while giving a week's board he would cut until after election.

THIS fasting, may cure Mr. Smith of several things, including alcohol. When he finds that his body is in a state of health, he will look at it and find it is a healthy and wonderful thing.

ARKANSAS by the way never voted for Darwin's evolution theory. The idea was suggested, but when Arkansas was never copied other states, it was later.

DOROTHY DINE, able newspaper woman, returns from a visit to a friend in the desert, where she crossed the Colorado to the Grand Canyon.

Mrs. Dine went to the desert to see the Grand Canyon. She found it was not as big as she had heard. She found it was a beautiful place, but she found it was not as big as she had heard.

BRITISH citizen, over a power of attorney, returned to the government a message addressed to a living on 40,000,000 miles.

Mrs. Dine went to the desert to see the Grand Canyon. She found it was not as big as she had heard. She found it was a beautiful place, but she found it was not as big as she had heard.

Attention with dots and dashes, is well to remember that the members of Congress were beaten back to vote public money for the construction of a new bridge that would send messages across the continent now without wires.

WEATHER MAY STOP TOUR OF ZEPPELIN

Believe Ship Will Return If Conditions Are Not Favorable

BULLETIN
New York, Oct. 25—Officials of the Goodyear Zeppelin Co. who are handling flight plans of the Zeppelin, the commander admitted today that "it is likely the ship will not return to Germany without making a tour of America cities. If it doesn't get off on its mid-western flight tonight."

Naval Air Station Lakeside, N. J. Oct. 25—A Zeppelin's greatest test in the weather, is the ability of the ship to fly over the ocean. The ship, the Goodyear Zeppelin, was launched from 20 to 24 hours at 9 o'clock last night at a time when the weather was not ideal.

Members of the ship were already aboard with their baggage. A on depression area moving from the Great Lakes northeast bringing rain squalls and high winds to the ship. The ship was not able to fly.

Shortly before noon today it was announced that the hour for departure had been tentatively set for 6 o'clock, just before darkness descended over the station. Weather reports along the route of travel were regarded as favorable by the ship's command.

Members of the ship were already aboard with their baggage. A on depression area moving from the Great Lakes northeast bringing rain squalls and high winds to the ship. The ship was not able to fly.

Commencing on the number of requests received concerning the ship's radio was length for receiving, and sending, messages. The radio office stated today that all amateur stations are being asked to refrain from trying to communicate with the ship by radio.

WOMAN TO DIE

Will Be Interred in France for Murder of Child

Paris, Oct. 25—The first woman to walk to the guillotine since Marie Antoinette will be Jeanne Kerec, a French woman, a Serbian, was found guilty of murdering a 12-year-old child—Gaston Dumaux—and the judge sentenced her to death.

The Kerec woman had taken the child from his home for a stroll through the Bois de Boulogne. The body of little Gaston, hidden beneath a pile of underbrush, was found a day after the murder. The little girl had been strangled to death.

ONCE-A-YEAR TRAIN HITS AUTO, KILLS WOMAN

Columbus, Oct. 25—Struck by a train which runs but once a year, Mrs. Cora Longfellow of Canton, Perry county, is dead and two other women and two children were being treated for injuries here today.

Making its annual trip over the old O. & C. railroad, the yearly inspection train struck the auto driven by Mrs. Cora Longfellow, a 40-year-old woman, who was killed instantly. The other injured were brought here for treatment.

SMITH DAZED AT RECEPTION FROM BOSTON

Crowds Tear Down Doors of Hall To Hear Nominee Answer Hoover

REITERATES STAND

Reply Pungent and Sarcastic, Attacks Claim He Is Socialistic

By GEORGE J. HOLMES
Marion Star Staff Writer

Boston, Mass., Oct. 25—Gordon H. Smith, but still a bit dazed over the most turbulent reception he has ever participated in or seen during his quarter century in politics, Gov. Smith went out of Boston today wholly convinced that the 18 electoral votes of Massachusetts are his next month.

He faced southward today, smiling through his teeth, and a crowd of 10,000 people gathered for him after Boston and nothing that Philadelphia, Baltimore, New York, Brooklyn and New York can do here will surprise him—after Boston.

This ancient citadel of Irish Democracy today turned itself inside out to the Democratic candidate. They broke down the doors of the room in which he spoke last night, they smashed the windows, they almost smashed him, they pushed his automobile by physical strength through the narrow, crooked, crooked streets of the city, and he did not seem to mind.

In such a setting as this Governor Smith delivered his reply to Herbert Hoover, Nov. 3rd speech. He was a man of the people, a man of the people, a man of the people.

He was a man of the people, a man of the people, a man of the people. He was a man of the people, a man of the people, a man of the people.

He was a man of the people, a man of the people, a man of the people. He was a man of the people, a man of the people, a man of the people.

STOCK COMPANY TO TAKE OVER GRAND

Myrtle Ross Players Begin Engagement Here Next Sunday Night

Marion will have a permanent theatrical stock company for the first time in a number of years. It was announced today, when Manfred S. Gross, business manager of the Myrtle Ross Players, closed negotiations with John J. Thayer, receiver for the Marion Playhouse Co.

The stock company will open at the Grand Theater Sunday night for an indefinite run. The company includes 14 players and a staff of 14.

The company came here from Hartford, Ind., where a 29-week engagement is being concluded this week.

Mr. Gross has had the company for more than 12 years, 10 years having been spent in Milwaukee, two at Fort Wayne, and varying periods of time at Columbus and other middle western cities. The company includes 14 players and a staff of 14.

Mr. Gross today announced an imposing list of opening plays. The company begins its engagement Sunday night with "The Best People," by Avery Hopwood, to be followed by "Seventh Heaven," "The Cat and Canary," and "Abe's Irish Rose."

Opening performances will begin at 8 o'clock and the matinee at 2:30 o'clock.

TWO YEARS OF STUDY BEHIND SCHOOL PLAN

Marion's Educational Requirements for Next Quarter of Century Disclosed

BASIS FOR EXPANSION

State Departments Aid in Giving City Scientific Data on School Situation

Editor's Note—The full time attendance and general welfare of Marion's school children for the next five or ten years depend entirely upon the vote on the school bond issue one week from Tuesday. The fate of the bonds will be decided according to the acquaintance the voters have with school and taxation facts. Bond issues are difficult to pass and usually require a long and arduous campaign. The business progress of the community and it is to be hoped that our own school situation will be decided accordingly.

The Marion Star has devoted a great deal of study to the school condition and the need of expansion of the present school buildings and the acquisition of new sites for the future. The cost to taxpayers we are convinced, will be less than the cost of meeting an emergency school situation later, when the parents of our children see the result of an imprudently over-crowded condition.

The Star will publish beginning today, a series of articles for the purpose of acquainting voters with these facts. The first article follows.

BY HARRY S. MOTT
Marion Star Staff Writer

It is not the easiest undertaking to conduct a school survey of 125 teachers and 125 pupils in a district, into a series of short newspaper articles and get the proper punch into the series. Anyone who will take the time to read the survey will find that the school bond issue on Nov. 3rd is not a simple matter.

The school board has not been able to do this. It has not been able to do this. It has not been able to do this.

PILOTS SPEEDING TO LOS ANGELES

Gollyer and Tucker Reported Over Albuquerque, N. M., in "Yankee Doodle"

Albuquerque, N. M. Oct. 25—The Lockheed Vega monoplane "Yankee Doodle" on a non-stop flight from New York to Los Angeles, passed over Albuquerque at 11:10 o'clock Monday, this morning. Piloted by Capt. C. B. Gollyer, with Harry Tucker in the rear seat, the "Yankee Doodle" circled low over the city and then headed directly west for Los Angeles.

Lucker, partner of Art Goebel, who came near winning the cross-country air derby last summer, the any other entrant, and Gollyer, who was a partner of John Henry Myers, in the recent breaking trip around the world, stopped at the Hotel El Comodoro, at 10 o'clock yesterday afternoon. They had hoped to be in Los Angeles by 10:30 a. m., eastern standard time today.

The record of the "Yankee Doodle" is a record of speed. The Vega monoplane, for the transcontinental flight, at summer was 18 hours and 58 minutes.

C. D. BENDER MEETS DEATH AS CAR SKIDS

Companion, F. E. Roderick, in Serious Condition from Injuries

BENDER DIES INSTANTLY

Victim of Second Crash North of City Within Two Days

Charles D. Bender, 46, of Celonville, insurance salesman with office here, was instantly killed and his companion, F. E. Roderick, 35, sustained serious injuries when the automobile in which they were riding skidded from the Upper Sandusky rd. about 2:30 p. m. yesterday afternoon. Bender's head was crushed.

Roderick is in a serious condition at the hospital, where it is reported that he is suffering from brain bruise and possible internal injuries. Although his condition is regarded as critical, he is expected to recover unless pneumonia develops, according to a report from the attending physician.

The two men were returning to the city yesterday afternoon when their car skidded from the road at a curve.

THREE KILLED IN LESS THAN WEEK

Charles D. Bender's death makes a total of three killed in automobile accidents within less than a week. The first was Dr. A. J. Newhouse, who died in a Toledo hospital. A third was killed when the automobile skidded from the Upper Sandusky rd. yesterday afternoon.

After the car skidded from the road, it rolled over on its side. The car was a 1927 model. The driver, Charles D. Bender, was killed instantly. His companion, F. E. Roderick, was injured.

FRENCH WOMEN INVADE NEW BUSINESS FIELDS

Paris—French women are now invading fields of business formerly prohibited to the fair sex. The University of Toulouse will soon boast of a faculty of black-haired demurely dressed women.

The University of Lyon, one of the largest in France, already has a young woman in charge and it is likely that in the near future all of the important libraries will be women. CHERI-COD

AND BUILD UP YOUR STRENGTH AND VITALITY

Cheri-Cod is extremely rich in body-building vitamins, yet the fishy taste found in ordinary Cod Liver Oil has been skillfully replaced by a pleasant cherry flavor. For children or adults the results obtained are surprising. Cheri-Cod is especially recommended at this time of the year, because it builds up reserve strength needed to resist the ravages of coughs, colds, and many other ailments that accompany severe changes of weather. Persons who have weak stomachs need not hesitate to take Cheri-Cod; it does not upset the stomach. Cheri-Cod is invited in many ways. Be sure and get the genuine. \$1.25 bottle, 95c.

Vernon Heights For a Future Home or For an Investment

THE PROPERTY

All streets are graded so that you see the location of every lot offered for sale in this great cash raising sale

The Vernon Heights restrictions protect every lot sold. It will cost you no more to build a home in Vernon Heights than on a lot in a poorly restricted section or in some section with no restrictions at all. During this sale your money will buy lots that offer real prospects of gain in value.

As the new improvements go in you will see your values rise. The next five years should see all of the property north of the Boulevard fully improved. Buy now when you can buy at these low cash prices.

Lots at these special prices located on Vernon Heights Boulevard, Leetonia Avenue, Summit Road, Virginia Avenue, Uhler Road, King Avenue, and Vernon Heights Circle.

RICHMAN'S CLOTHES

Established 1879

MEN who know clothing best marvel most at Richman value—they know that clothes so faultlessly styled, so rich in quality of materials, so beautifully tailored, cannot be sold at wholesale, ordinarily, for our direct-from-factory retail price. We not only save you the middleman's profit, but we give you the extra quality and the added economies made possible by our immense sales and production—the finest of pure wool fabrics, procured at lowest prices because we buy over 4,000,000 yards yearly for spot cash, tailoring that would be very costly except for clever machines and the skilled hands of loyal workers who own a \$6,000,000.00 interest in this business.

Suits

Correctly styled single and double breasted models in a great variety of fine fabrics, including the desired new shades of brown, gray and blue—silk decorated worsteds and cassimeres of softly finished, wear resisting texture, rugged twists in colorful mixtures, sturdy chevrons in conservative shades. Any man can readily find what he likes best in his correct size.

Topcoats

New box and Raglan models in fabrics you see more often at \$50 than less—in fact, you are not likely to find better looking, longer wearing topcoats at any price. Double shrunk and weather-proofed for rainy day service—lined with genuine Skinner satin—tailored with unusual care in our own shops. All sizes and proportions in the widest possible choice of new patterns and shades.

HOOVER SPURS G.O.P. FOR FINAL DRIVE

Plans Series of Conferences to Whip Up Enthusiastic Organization

WILLIAM K. HUTCHINSON, Marion Star Staff Writer

Oct. 23—With his drive to the west coast, one of the most important public appearances of the campaign will be a radio speech from his home on the Monday night before election.

Mr. Hoover will take a special train to the west coast and Ohio railroad, then to Cleveland, where he will be met by a party of friends.

He has scheduled stops at Cleveland, St. Paul, and Los Angeles. In all, he will be on the road for about a month.

Mr. Hoover is expected to arrive in Cleveland on Monday night, and to leave for St. Paul on Tuesday morning.

His trip to the west coast is expected to be a success, and to result in a large number of new members for the G.O.P.

Two More Speeches

The speaker will make two more contributions to the campaign. First, he will speak at St. Louis on the night of Friday, Oct. 25, at a semi-public appearance. He will also make a speech from his home on the Monday night before election.

Behind the Scenes in Hollywood

BY DOROTHY HERZOG
Marion Star Staff Writer

HOLLYWOOD—There is a little wooden church in Santa Monica where a young boy named Chester Conklin is now the star of a real estate company.

He is a real estate agent, and he is a very successful one. He has a large number of clients, and he is very popular with them.

But the little wooden church still stands. It is a reminder of the boy's early life, and of the success he has achieved.

Mr. Conklin is a very handsome boy, and he is very intelligent. He is a very successful actor, and he is a very popular one.

He has a large number of fans, and he is very popular with them. He is a very successful actor, and he is a very popular one.

—Said Mrs. J. E. L., of Marion in a letter to John J. Huebner, Receiver of The Marion Photoplay Co. The news story reproduced herewith is our answer to this and many other insistent pleas of Marion movie fans, who for years have learned to love the program policy of the Marion Theater. Let Mrs. J. E. L. tell her story—

"We know you had a good reason for closing the Marion, but please do not keep it closed.

"The Marion Theater is a part of our city. We like to take the children there. Can't you figure some way to give us back this pleasure?"

"Just count on us for loyal support and I suppose there are hundreds like us

organization now. It is expected that
the team will play its first game early
in December with the Ohio Wesleyan
university team.
Following the business session, the
lodge was entertained with the rope
sawing net which has been showing
at the Palace theater the first half of
the week.

AUTO CLUB TO AID AIRPLANE SERVICE

Marion Organization Asso-
ciated with New Branch
of State Association

The Marion Auto club together
with other clubs affiliated with the
Ohio State Automobile association
will aid an airplane service depart-
ment to its program.
Announcement to this effect was
made today by Charles C. Jones, Co-
ordinator secretary of the state associa-
tion.
An air road map and emergency
service soon are to be offered by lo-
cal motor clubs.
Ohio automobile clubs have been
quick to recognize the development
of airplane traffic in Ohio, Jones
said.
We are planning now to institute
this new service as an auxiliary to
automobile road and emergency serv-
ice. We want to be abreast of the
times in making it part of the serv-
ice of the local clubs.

Frigidaire breaks all sales records

With more than fifty kinds and types of electric refrigerators
on the market, it is a significant fact that there are now more
Frigidaire in use than all other makes combined.

There are definite reasons for Frigidaire's predominant leadership.
There are reasons why Frigidaire sales today are greater than in
any similar period in the history of the business.

There are reasons why production of the past sixty days is more
than double that of a year ago—and yet thousands of orders
remain unfilled.

The choice of rulers throughout the world

The preference for this one make of electric refrigerator is
world wide. Frigidaire is serving in the homes of Lloyd
George of England, The President of France, the Premier of
Italy, the King of Spain, the King of Egypt, the Amir of
Afghanistan, the President of Switzerland, and others.

Leviathan is Frigidaire-equipped

Experienced engineers chose Frigidaire for the equipment
of the Leviathan, flagship of the United States Lines. It sup-
plies the refrigeration for some of the world's most modern
trains in England and America.

Choice of apartment owners everywhere

From coast to coast Frigidaire is the standard equipment
for apartment houses. Among the thousands of buildings
equipped, the following are typical: Tudor City, the great
apartment development of New York City, has 843 Frigidaire.
The Lee Plaza of Detroit has 196 Frigidaire. The
Schenley Apartments of Pittsburgh have 231 Frigidaire.
The Seneca of Chicago has 185 Frigidaire and the Marshall
Field Garden Apartment Homes have just ordered 628
Frigidaire.

Wherever dependability, economy, quiet operation and
long life are the requirements, the choice is Frigidaire.

Frigidaire for important hospital service

Hospitals throughout the world have selected Frigidaire
equipment, including Walter Reid at Washington, Johns
Hopkins at Baltimore, Providence Hospital at Detroit, Battle
Creek Sanitarium, and the leading hospitals in almost every
city. Frigidaire provides the electric refrigeration for hotels,
for club houses, for Y. M. C. A's, for Y. W. C. A's, and
institutions where careful analysis precedes choice.

Saving one manufacturer \$40,000 a year

Frigidaire is the equipment chosen by large manufacturing
plants such as the Bethlehem Steel Company, the Baldwin
Locomotive Works, the Pennsylvania Railroad, the H. J.

Heinz Company, Standard Oil; and a typical example is the
Carnegie Steel Company, where 340 Frigidaire-equipped
water coolers are effecting a saving estimated at over \$40,000
a year.

What happened at Houston

At the Democratic Convention in Houston, where the heat
was excessive, ninety per cent of the water coolers in the
great Convention Hall were Frigidaire, and everyone of them
served without interruption throughout the convention.

Chain stores are Frigidaire-equipped

Frigidaire are used by the great chain store systems, in-
cluding A. & P., Kresge, Lyons Incorporated, of England,
Independent Grocers' Alliance, Piggly Wiggly, and seventy-
five others.

Frigidaire is the overwhelming choice of ice cream manu-
facturers, where the savings effected are enormous.

Frigidaire is the choice of thousands of the most modern
dairy farms in the United States, and ninety per cent of the
leading soda fountain manufacturers of America have
chosen this one make of electric refrigeration because of its
dependability and economy.

New Frigidaire is incredibly quiet

The announcement of the New Frigidaire has met with a
universal response. Its beauty, its power, its ease of installa-
tion, its incredibly quiet operation, its economy, and its low
price have given added impetus to an already overwhelming
public preference.

Careful analysis, engineering tests, actual experience have
led the vast majority of careful buyers to choose Frigidaire.

Proven dependability and low cost

If you are considering the purchase of an electric refrigera-
tor from which you are entitled to expect long years of
service, economy in the use of current, absolute dependa-
bility, Frigidaire, with its limitless resources, its vast ex-
perience and the economies it effects through mass produc-
tion, offers value that has no equal.

Skin eruptions successfully treated from within

SKILLED physicians recognize
the appearance of pimples,
boils and other skin eruptions as
being an indication of an ab-
normal condition of the system.
This is why so many thou-
sands have been enabled to free
themselves of these unsightly
blemishes and painful skin
anomalies by taking a course of
SSS.
You owe it to yourself and
friends to give SSS a trial. It
helps Nature build rich, red
blood—those vitalizing elements
in the blood that build and sus-
tain the body.
In building rich, red blood
cells SSS improves the proc-
esses by which the body is nour-
ished.

"I suffered from impure blood
—was weak, and I had lost so
much weight, I didn't look nat-
ural. I had pimples and was
also bothered with a break-
out that itched terribly. I also
had boils one after another. I
tried different kinds of remedies,
but nothing did me any good
until a friend advised me to take
SSS, which I did. This was
some time ago. Now I feel well,
and I am getting along fine.
SSS stopped the itching and it
cured me of boils. I advise all
weak and run-down people to
give SSS a trial. It clears up
the skin and makes you strong
and fills you with energy."

CHARLES SMITH DIES AT WALDO

Funeral Services To Be Held
Friday Afternoon at
Home

Waldo, Oct. 25.—Charles Smith, 42, died at 6 o'clock yesterday afternoon at the home of his stepfather and mother, Mr. and Mrs. John Landon, following an illness of 14 days. He had been laid up for 18 years. Funeral services will be held at 1:30 o'clock Friday afternoon at the home, the Rev. H. G. Long, pastor of the Lutheran church, officiating. Interment will be made in the Marion cemetery.

Mr. Smith was born July 9, 1887 in Waldo, the son of Henry and Eva Whitman Smith. He was a member of the Lutheran church.

Surviving with the other and step father are one sister, Mrs. Eva Landon, and one brother, Doyle Smith, Detroit.

CREDITS REPUBLICANS FOR U. S. PROSPERITY

Hughes Tells Audience To
Retain Party in Power and
Continue Good Business

Chicago, Oct. 25.—Charles Evans Hughes, who was defeated in the presidential race of 1916 by Woodrow Wilson, last night told an audience of more than 10,000 persons here that the Republican party is responsible for the nation's present prosperity, and that high wages and good business will remain only if the Republican party is retained in power.

For more than an hour the former secretary of state played Gov. Al Smith for his "reckless campaign against the economy" and his attack on Coolidge's economy and added that "even the Democrats would have their grief somewhat assuaged by confidence in the future." If Hoover is elected.

The former secretary drew from the assemblage almost half an hour of constant cheering when he pointed out how the nation's wealth had increased through protective tariff enactment sponsored by the Republican party. Citing to Governor Smith's assertion that he favors such changes in tariff as will abolish discriminations, Mr. Hughes declared:

"We are told by Governor Smith that he does not advocate any sudden or drastic change in our economic system. We do not desire any change in that system, whether it be sudden or not, nor do we trust our opponents to determine what is or is not drastic."

CALEDONIA MAN SUSTAINS BRUISES

Ralph Clayton Pinned Beneath Car in Harding Highway Spill

Caledonia, Oct. 25.—Ralph Clayton sustained injuries to his left knee and other limbs when his machine, overturned in the ditch about one and one half miles west of here on the Harding highway. The machine slipped on the slippery pavement.

Mr. Clayton, who was alone in the car and enroute to his home from Marion, was pinned beneath the car. Passing motorists lifted the car off him and he was removed to his home in Homer Johnson's ambulance.

ADDRESSES CLUB

Talk on School Bond Issue Given by Superintendent

An interesting talk on the school bond issue was given by School Superintendent Jesse H. Mason at a meeting of members of the Greenwood Community club last night at the Greenwood school. The meeting was unusually well attended. After Mr. Mason's address, Miss Elizabeth Cline, single, third grade teacher, sang several numbers.

Plans were made for a young society at the school Friday, Nov. 2.

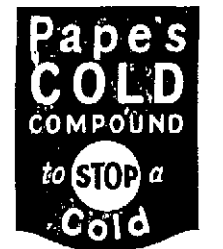

IN CITY HOSPITAL

Robert Baker, 10, of Upper Sandusky, is in City hospital today as a result of an accident which occurred yesterday morning while he was playing football near his school at Upper Sandusky. The boy sustained a fracture of the right leg. He was taken to the office of Dr. A. A. Starnes for x-ray examination yesterday afternoon and to the hospital in the W. O. Boyd invalid car.

You Can Not Afford To Let \$10.00 Stand Between You And Warm Winter Comfort

These Anchor Tudor Circulating Heaters offered in this great sale are distinctively different. Beautifully grained in brown walnut, they become a fine looking piece of period furniture the moment the doors are swung shut. The finish is of genuine vitreous porcelain enamel which will not crack or peel off and may be dusted like any other piece of fine furniture.

They are wonderfully economical, too. The ANCHOR Tudor will furnish an abundance of healthful heat for your home by circulating warm, moist air through every room. There is no waste heat or wasted fuel, and one Tudor will give more and better heat than two or three stoves. The price is about half what you would expect to pay for a good circulating heater.

The sturdy one-piece boiler plate construction insures long life. The down-draft Hot-Blast principle gives almost one-quarter more heat from the same amount of fuel and is an exclusive feature of the Anchor Tudor Cabinet Heater.

Come in tomorrow and let us explain the many superior features of the ANCHOR Tudor. With this remarkably low price and special \$10 down payment you cannot afford to let this opportunity slip by.
